Goal # 1: (Reading Goal)

60% of our kids will make typical or above typical growth (year 2023)

- Teachers meet weekly at PLC and talk about intervention for the students in their class.
- Teachers in the grades K-3 are doing LETRS training to help with their instruction and how to teach phonemic awareness to their students.
- Upper grades went to Reading Horizons training to learn how to teach phonics to their students. The Reading Horizon Discovery software will be used in the upper grades this year. This is helpful for the upper grades in covering deficient that have occurred from COVID.

Goal #2 (Math Goal)

For the grades 3rd – 6th grades the end of year level Rise test scores will improve by 3%. (year 2023)

- Accadience Math is used for the grades kindergarten through third grade.
- Accadience Math is also a math program that is available for the upper grades as well.
- The money has also been allotted to have Math aides come and help.
- Each grade will decide how those math aides will be used.

Next meeting to be held:

Meetings will be held the first Thursday of each month. For the month of April, the meeting will be held the second week because of Spring Break.
