December 01, 2022

- We just had an event at the school that we needed to clear the halls and used a “hold” for.

Future Meetings

- There are requirements that have to be met through our meetings, at certain meetings in the year.
- All parents are invited to attend the meetings, but we have not had parents attend any meetings in recent years.
- Safety discussion and review is one of the requirements.
- Brandon and Cami will discuss if we will be having a January meeting, or hold off until February. If we have a January meeting, it would be held January 5, the day after coming back from break.
